INFORMATION DASHBOARD

SOLID STEEL STRUCTURE

Solid welded steel structure, insulated for different climates. Equipped with a basic heating system, it can be optionally equipped with air conditioning.

WASH YOUR HANDS

Combines an automatic tap and hand dryer so you can wash and dry your hands at the basin, made from high grade, solid Brass. Fitted with an anti bacterial HEPA filter to ensure the air used to dry users hands is as clean and hygienic as possible. Low noise with smart air outlet design - The airflow direction and speed has been carefully configured to ensure that there is no excess splashing or spray created and therefore works with a huge range of sinks.

TRANSPORT AND HANDLING

Easy to manipulate with a forklift or a crane.

The T-BOX can be transported on a trailer, in a truck or in a sea container due to its compact dimensions 5' x 6' x 9', for a weight of 2300 lbs.

DISINFECTION OF THE CABIN IN A FEW SECONDS WITH ULV

The disinfectant ULV fogger is a quick and easy way to sanitize spaces.

Electrolyzed Water Anolyte Disinfectant 80 to 120 times more effective than bleach cleaners to kill harmful pathogens.

Nonhazardous, nontoxic and nonWHMIS regulated. Not harmful to plants, animals, marine life or humans. All-natural antimicrobial solution. Environmentally friendly as it's biodegradable and non-accumulative.

The key active ingredient, hypochlorous acid, naturally occurs in molecules synthesized from electrolyzed solutions of salt and water. The electrochemically activated solution is rich in oxygen, where pathogens, bacteria and viruses cannot survive.

ODORLESS BATHROOM

The bathroom is equipped with a ventilation system and a vent to control odors. During the disinfection of the unit by ULV, a perfume of your choice is diffused.

BABY CHANGING SEAT

Wall mounted in option.

REMOTE MONITORING INDOOR & OUTDOOR SCREEN

Remote monitoring in option and indoor 4' x 6' screen and outdoor 4' x 6' wall mounted for information and commercials.

FOOT PEDAL FLUSH

Use your foot to flush the toilet bowl. You don't have to touch with your hands

WATER CAPACITY

Waste water tank in epoxy-treated steel and fresh water in plastic
